Competency Assessment Date:	29 Jul 2026	**Expiry Date:**	28 Jul 2027

Competency Type	**Sub-Type Authorised:**
HSE Professional Authorisation	☒HSE Officer

TQDC has verified that the individual has successfully completed all required pre-mandatory HSE training courses for the requested competency assessment type. During the TQDC competency assessment, they demonstrated a comprehensive understanding of TAQA Distribution HSE and operational/technical standard compliance requirements implementation during the entire duration of scope planning, preparation and execution.

This authorization is subject to continuous compliance monitoring with applicable TQDC Essential safety rules (ESR), permit to work (PTW), and other scope associated HSE standards, HSE plan and HSE performance expectations.

Any violations related to TAQA HSE Standard requirements cited during the scope execution, site visits conducted by TQDC representatives, shall be formally recorded, and the Contractor shall be required to implement appropriate corrective actions. In cases where repeated violations (up to three instances) are observed/recorded, and the Authorised Person for the scope of work has demonstrably failed to monitor or address non-compliance of HSE & regulatory requirements, TAQA Distribution reserves the right to revoke the this authorization and enforce their permanent removal from the project site or from any of the TQD Premises.

Authorization terms & conditions:

The following conditions apply to all personnel holding authorised HSE certification under TQD:

- A valid copy of this certificate must be available and always presented at the execution site.
- No operation shall commence without the direct supervision of duly authorised personnel present at the worksite.
- Authorised personnel are responsible for ensuring full compliance with TQD HSE requirements throughout the entire scope of work. They shall monitor compliance, identify any non-conformities, and immediately report them through the approved HSE communication and reporting channels, including QR-code–enabled systems for proactive safety alerts, Permit-to-Work audits, and ESR compliance checks.
- Prior to the commencement of any activity, authorised personnel shall conduct and verify the Last-Minute Risk Assessment (LMRA) specific to the scope of work, ensure it is recorded, and communicate it clearly to all members of the involved workgroup.
- Authorised personnel shall verify all task-specific certifications of the workgroup and confirm that all personnel hold the required craft and competency approvals before any activity begins.
- Authorised personnel are mandated to stop or suspend any work immediately upon observing non-compliance, unsafe acts or conditions, deviations in scope, environmental changes, or any other factors that may compromise the safety of personnel, operations, assets, or affected parties. All deviations and unsafe acts/conditions shall be fully documented with corrective or immediate actions in the designated HSE reporting tools.
- TQD reserves the absolute right to revoke, cancel, suspend, or require re-attendance of the competency assessment for any authorised personnel found to be in violation of the above requirements or in response to changes in regulatory or TQD standards.
- Any duplication, alteration, falsification, or forgery of this certificate, or any attempt to misuse or reproduce this document without proper authorisation, will result in immediate revocation of the authorisation and may lead to the imposition of a lifetime ban from working with TQD or any TQD stakeholders, applicable to both the company and the individuals involved. TQD maintains the right to take further legal action where deemed necessary.
