06 COSMETICS & CONSUMER GOODS

Personal care products, cosmetics, cleaning products, batteries, toys, shoes and related consumer goods.

Specialized PT Programs

07 MEASUREMENT & CALIBRATION

Dimensional, mass, force, pressure, temperature, humidity, electrical, flow, time, frequency, hardness, torque, volume and laboratory equipment measurements.

08 INSPECTION

Lifting accessories, equipment, pressure vessels, tanks, coatings, mechanical parts, welding and similar articles.

09 NON-DESTRUCTIVE TESTING

Specimens and components for surface, near-surface and internal discontinuity evaluation, visual interpretation, corrosion, wall loss and leak testing.

10 EMERGENCY EQUIPMENT

Fire-fighting foam and associated chemical properties.

A Structured Approach to PT Participation

01

REGISTRATION

Complete and submit the official registration form to confirm participation in the selected PT round.

02

SAMPLE PREPARATION & DISPATCH

PT samples are prepared and dispatched according to the scheduled program timeline. Participants will be promptly informed of any changes or unforeseen delays affecting the schedule.

03

TESTING PERIOD

Participants are provided with a defined testing period to perform the required analyses using their routine laboratory methods.

04

RESULT SUBMISSION

The submission deadline will be clearly indicated in the Result Reporting Sheet and PT Protocol. Participants are requested to submit their results within the specified timeframe.

05

PT REPORT ISSUANCE

The final Proficiency Testing Report will be issued within ten (10) working days following the completion of result submission and statistical evaluation.

Reliable Support for Confident Performance

01 ACCREDITED CONFIDENCE

Programs managed within the requirements of ISO/IEC 17043:2023 and the defined accredited scope.

02 TECHNICAL CLARITY

Clear instructions, coordinated communication and understandable performance reporting.

03 RESPONSIVE SUPPORT

Practical guidance through registration, sample dispatch, result submission and reporting.

04 REGIONAL REACH

Coordinated service from Abu Dhabi for participants across the UAE, GCC and international markets.

Plan Your Next PT Round

01

REQUIRED PARAMETERS

Identify the measurands, characteristics or test parameters required for your laboratory.

02

METHODS & MATRICES

Share the routine methods, applicable standards and matrix or item type.

03

PREFERRED SCHEDULE

Indicate the target month or PT round based on your accreditation and operational plan.

04

REGISTRATION DETAILS

Provide the Purchase Order and complete the official registration form to confirm participation.

Program availability is subject to the current accredited scope and scheduled PT calendar.
